Age: 26

Heidi is June in a past life. She has similar traits to June and finds herself mirroring the same situation June is trying to heal from.

When she is first introduced, Heidi is fun, outgoing, and lights up a room. Towards the end she is lost and confused (similar to June in the beginning).

Heidi's purpose is to show June that Davis' mistreatment has nothing to do with them, but everything to do with himself.

Personality type: Bubbly, Witty

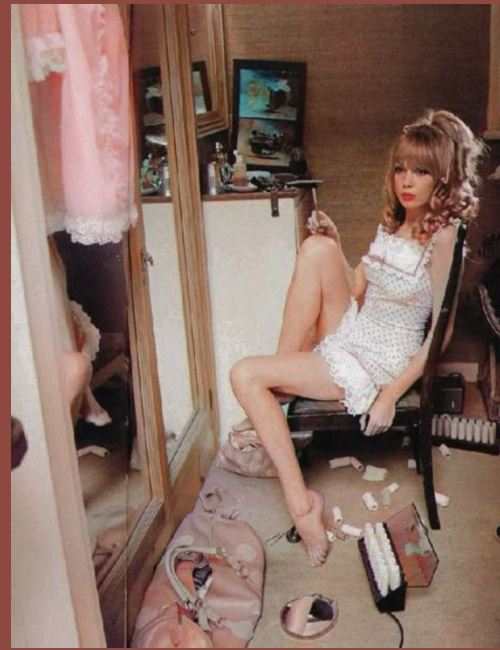

Beginning of the story: Happy, content

End of the story: Confused, lost

Age: 28

Davis shows himself of a manifestation in June's subconscious. We only ever see him interact with June's past self. He is a selfish character who leaves June in every lifetime without explanation.

Davis has a natural charisma that makes both June and Heidi melt in his hands. Although a full package on the outside looking in, he projects his insecurities onto these women.

Personality type: Charismatic, Immature

Beginning of the story: Playful

End of the story: Angry, standoffish
